AGENDA REPORT

SUBJECT:	Regional Collaboration Grant Funding – Legal Fees Submission
PREPARED BY:	Denise Bellabono, Executive Assistant
PRESENTED BY:	Matthew Goudy, CAO
DATE:	June 28, 2017

PURPOSE:

To provide the Board an update with respect to the submission of legal fees for expropriation under the Regional Collaboration Program Grant.

BACKGROUND:

In 2013, the Commission received grant funding of \$250,000 from the Regional Collaboration Program (RCP). Most recently, Administration submitted an amendment to the Conditional Grant agreement for an extension on February 10, 2017. The amendment and extension for the grant was approved with a final completion date of March 31, 2018, with the total grant funds expended to date at \$55,794.85. After discussions with grant administrators the application was expanded, to include an additional task under the 'Project Specific Research and Administration 'activity identified in the "Revised Schedule A" of the Conditional Grant Agreement. Specifically, "Contribute to the cost of legal fees related to land acquisition for the regional wastewater line".

ISSUE ANALYSIS:

As the Commission has completed a number of expropriations for land acquisition in support of the pipeline alignment, it has incurred legal fees, in 2016 and 2017, totalling \$81,106. The legal fees associated with the coordination and development of documents needed for the expropriation and the terms of agreement with the land owners can be covered by the RCP grant rather than being funded through the provincial/federal partnership that is currently funding the Capital Project. Currently the projected legal costs to complete all expropriations are estimated at \$44,450.00 to \$46,200.00.

FINANCIAL IMPLICATIONS:

Current RCP Grant Remaining	\$194,205.15
Expropriation Legal Fees 2016	\$19,864.35
Expropriation Legal Fees 2017	\$61,242.18
Projected Legal Costs as of July 13, 2017	\$46,200.00
RCP Grant after recovery of Legal Fees	\$66,898.62

ALTERNATIVES:

The Commission may choose to:

- A. Direct Administration to proceed with submission of the legal fees for expropriation under the Regional Collaboration Program Grant.
 OR
- B. Continue to pay for the expropriation legal fees through the Commission expenses. OR
- C. Direct Administration how they wish to proceed.

ATTACHMENTS:

RCP Grant Agreement with "Schedule A" RCP Grant Agreement Amendment with "Revised Schedule A"

ACTION/RECOMMENDATION:

THAT the Commission direct administration to proceed with submission of the legal fees for expropriation under the Regional Collaboration Program Grant.

SUBJECT:	Servus Credit Union Borrowing (Bylaw #3)
PREPARED BY:	Denise Bellabono, Executive Assistant
PRESENTED BY:	Matthew Goudy, CAO
DATE:	July 18, 2017

PURPOSE:

To provide short-term borrowing capacity for the construction for the capital portion of the project, Administration proposes to repeal Bylaw 2 and has prepared Bylaw #3; a borrowing bylaw authorizing \$25M of indebtedness.

BACKGROUND:

The Commission previously approved Bylaw 2 at the February 13, 2017 regular meeting, in order to improve the cash flow and the project time lines short- term borrowing was required by administration to ensure funds are available to pay all contracts on time. The debenture was taken into contract with Servus Credit Union, with an interest rate of prime +0%.

ISSUE ANALYSIS:

The proposed debenture will continue to be with Servus Credit Union. This bylaw will allow an increase up to \$25M at an interest rate of prime +0%.

FINANCIAL IMPLICATIONS:

The short-term borrowing costs are the responsibility of the commission. Working with the province, Commission administration will endeavour to keep the borrowing to a minimum.

CHIEF ADMINISTRATIVE OFFICER

AGENDA REPORT

SUBJECT:	Repayment of Lacombe County Loan
PREPARED BY:	Matthew Goudy, CAO
PRESENTED BY:	Matthew Goudy, CAO
DATE:	June 22, 2017

PURPOSE:

To request the Commission's direction on repayment of the approximately \$1,000,000 lent by Lacombe County for Detailed Design.

BACKGROUND:

At the February 23rd, 2015 meeting of the Commission, it was resolved:

"THAT the Commission endorse the proposed funding arrangement, whereby Lacombe County will initially pay the costs for Stantec's proposed scope of work"

Lacombe County, the City of Lacombe, and the Town of Blackfalds, together with the North Red Deer Regional Wastewater Services Commission then entered into a Funding Agreement, on May 5th, 2015. This funding agreement was subsequently amended twice. The first time, on June 10th, 2016, updated the percentages attributed to each party, to align with the flow projections that had been amended through detailed design. The second time, on June 28th of 2016, allowed for inclusion of land acquisition activities into the list of eligible expenditures.

In the Funding Agreement, an interest rate is specified for the funds forwarded:

"The Funds advanced by the County shall accrue interest at a rate of Prime less 1.5% (based on posted Servus Credit Union prime lending rate) from the date of advancement and shall be calculated and reported semi-annually (per paragraph 9(d)). The amount of such interest shall be added to the County's credited amount, as set out in paragraph 5, or alternatively, repaid along with the funds advanced as set out in paragraph 6."

Following execution of the original Funding Agreement, the Commission engaged Stantec Consulting to complete the Detailed Design of the pipeline. An initial request for \$500,000 was made September 17th, 2015, under the Agreement. Subsequently, on December 11th a further request for \$500,000 was submitted to the County.

Both requests were satisfied promptly by the County. On December 21st, 2016, the Commission received funding for Detailed Design from Alberta Transportation, via a Water for Life Funding Agreement. No further requests were made to the County.

ISSUE ANALYSIS:

Clause 5 of the Funding Agreement contemplates a process for payback of County funds advanced through the Agreement:

"Provided that the Project proceeds to construction within 5 years from the commencement of this Agreement, and subject to the terms herein, the County will be credited the amount it has funded against its share of the overall cost of construction of the Pipeline, in accordance with the Funding Ratio, which shall include this Project cost."

On April 10th, 2017, Lacombe County requested the Boards consideration for return of the advanced funds. With interest, the current funds owed to the County, by the Commission, is \$1,019,849.95

As of July 6th, the Commission's account with Servus Credit Union currently holds a balance of \$14,651,047.83. The Commission also holds a credit agreement with Servus, authorizing an Overdraft of \$10,000,000. Before the Commission this morning will be a request for authority to increase this to \$25,000,000, due to the uncertainty in the timing of grant payments.

ALTERNATIVES:

The Commission may choose to:

A. Credit the County with the advanced funds, as outlined in the Funding Agreement, OR

B. Direct Administration to forward payment for the full amount advanced by the County, OR

C. Direct Administration as the Board sees fit.

ATTACHMENTS:

Consolidated Funding Agreement

ACTION/RECOMMENDATION:
